Year in Review

Almighty God, we bless your name for the work of this year. Accept all that we have done, weave it into the bright tapestry of life. Help us to take our knowledge and turn it into wisdom, our strength and turn it into passion, our love and turn it into a rage for justice. We pray through Jesus Christ who has been with us through this year and is ours, now and forever. Amen.

(from the Cycle of Prayers for Episcopal Schools)

Dear Friends and Families,

2014-2015 was another a great year for Oak Hall Episcopal School. This publication reports on the financial health of the School, and attempts to recognize the many, many people who have supported our endeavors through their time, talent, and treasure.

The generosity of our families and the wider community enables us to create an educational experience broader and deeper than we could through income raised solely from tuition. At OHES, because we believe in educating the whole child, our ‘core’ subjects encompass a wide range of areas of study. Each of these subjects has the ability to speak to children in different ways, and to allow children opportunities to encounter, experiment, and excel. Experiences like: praying together in Chapel each morning; working with students from other classes on projects; physical education and music every day; and Spanish from Second Grade set us apart from other schools. It really is a great place to be!

Thank you to all who have helped make Oak Hall Episcopal School the amazing place it is.

Best wishes,

Ken Willy

Annual Fund

The Annual Fund helps bridge the gap between tuition revenue and the actual cost of educating a child here at OHES. This difference is close to \$2,000!

Annual Fund – The Fund was launched in October and ran through the end of June. It is another major fundraiser of Oak Hall Episcopal School. 83% Board participation, 86% faculty/staff participation, and 70% parent participation. In addition there were over 50 contributions from grandparents, alumni, and the general community. Our target this year was \$53,000, and I am pleased to announce that the total achieved was \$53,016.06! Thank you to everyone who contributed to the 2014 Annual Fund and made this amazing total possible!

Discernment Phase

In autumn of 2014, Oak Hall Episcopal School entered into a Discernment Phase-*Building on Our Past, Envisioning Our Future*. The purpose of the Discernment Phase is to develop a collective vision for the ministry of Oak Hall Episcopal School that builds ownership and continuing involvement of all constituents for a proposed capital campaign. The focus is on expanding the usefulness of the campus building through renovation and new buildings. After prayerfully considering all dreams and aspirations, the Discernment Committee came up with the following in no particular order to be included:

- Chapel
- Middle School Quad-Pod
- Playing Field
- Additional Parking
- Growing the Endowment
- Recruit, Reward, Retain
- Reinventing our Building
 - Entrance and Foyer
 - Art Room
 - Support Staff Rooms
 - Administration and Faculty/Staff Areas
 - Enlarge Kindergarten Classroom

Although the final Discernment Report is not yet available, the time devoted to conversations about potential future aspects of the School was valuable. Thank you to all who attended presentations and gave feedback.

We would like to thank Mr. and Mrs. Bill Goddard who generously donated the funds required for the Discernment Phase.

Enrollment

Total enrollment at the end of the 2014-2015 year stood at 145 students.

Early Childhood 3	21	Third Grade	12
Early Childhood 4	22	Fourth Grade	12
Kindergarten	20	Fifth Grade	14
First Grade	14	Sixth Grade	7
Second Grade	20	Seventh Grade	3

Achievement Tests

Each April, students in Second Grade through Eighth Grade sit the Iowa Tests of Basic Skills (ITBS). The ITBS is a norm-referenced test (NRT). Norm-referenced tests report how a test taker scores compared with other students taking the same test. It is not ‘pass’ or ‘fail’. In addition to showing development from one year to the next, the ITBS is used by the School as a diagnostic tool, helping the teachers individualize instruction.

It is very important to note that norm-referenced tests cannot, and should not, be compared directly with criterion-based tests (CRT), such as that used by the State of Oklahoma public schools. It would be like comparing apples to tennis racquets as the two types of tests (NRT and CRT) are designed to measure different things. Whilst a public school student’s results may show ‘Advanced’, ‘Satisfactory’, ‘Limited Knowledge’, or ‘Unsatisfactory’, an Oak Hall Episcopal School student’s results will show in which percentile (against all other students taking the test) s/he is performing. Because NRT uses percentiles not percentages the scores do not correlate to letter grades. Likewise, a public school’s A – F letter grade does not compare with this School’s NRT percentile.

2015 Iowa Tests of Basic Skills Results

Second Grade

Student Percentile	74
Grade Equivalent	3.4
School Percentile	90

Fifth Grade

Student Percentile	82
Grade Equivalent	8.3
School Percentile	98

Third Grade

Student Percentile	77
Grade Equivalent	5.0
School Percentile	93

Sixth Grade

Student Percentile	82
Grade Equivalent	10.1
School Percentile	98

Fourth Grade

Student Percentile	83
Grade Equivalent	6.8
School Percentile	98

Seventh Grade

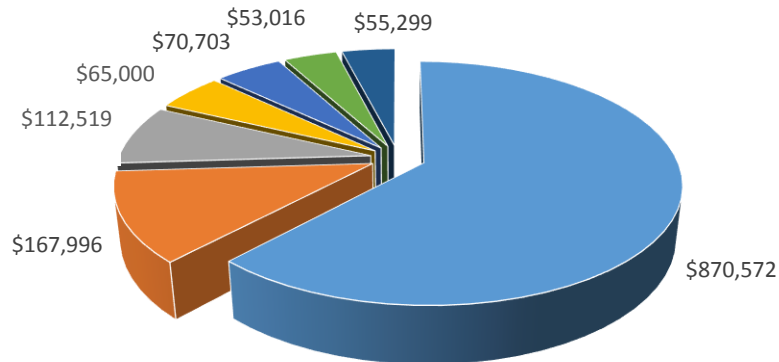

Student Percentile	64
Grade Equivalent	8.8
School Percentile	76

The 2015 results show that on average, our students are performing in the 64 – 83 percentiles of all students undertaking the Iowa Tests of Basic Skills. The Grade Equivalent for each grade is high, and the School’s percentile compared against other schools is also very good (76– 98).
