This is a great way for individual soccer players to increase their skill and overall development as a soccer player. Sessions will be planned and taught by the Murray State coaching staff as well as Murray State College players. Skill techniques will be taught and strengthened along with individual and team games. No matter the skill level, this camp is a great opportunity to have fun, learn more about the game of soccer, and improve your individual skills.

**Details:** Players are encouraged to bring their own ball. However, if you do not own one we will provide extras to use. In addition, there will also be several water and snack breaks throughout the camp.
